A
Metaweb
B
Metaweb Null
High Centrality
Low Centrality
Site 1
Site 2
Site 3
Site 1 Null
Site 2 Null
Site 3 Null
Null Randomization (Repeated x1000)
Environmental Gradient
C
Empirically observed values
Frequency
Observed Centrality of Node G (In Global Metaweb)
Observed Centrality of Node G (In Local Web, Site 3)
D
Expectations
Metaweb Centrality
Global Scale
Geographic/Environmental Range Size
Local Centrality
Local Scale
Geographic/Environmental Range Size
